RELEVANT SKILLS

Literary Understanding

- I'm great at processing media
- I can recall obscure and specific details as well as overall themes
- I enjoy reading classic novels as well as modern literature

3D Modelling

- I have used Blender as well as CAD programs to create models to design specifications
- I own a 3D printer and have created models specifically for printing
- I often use this skill for creating prototypes of designs, or for creating my own jewellery

Electronics Maintenance and Repair

- I enjoy disassembling and reverse-engineering broken devices to better understand their functionality
- I have programmed a raspberry pi to block advertisements in my home, and run a network-attached storage device
- I have experience using a soldering iron to repair and build my own devices

Languages

- I am learning multiple languages in my spare time, including Irish, Latin and Japanese

Business Sense

- I have strong negotiation and sales skills
- I am very commercially aware and keep up to date with trends
- I am able to inform customers of discounts and surveys without seeming pushy

Organisation Skills

- I work best when given clear instructions
- I like to-do lists and spreadsheets which help track my progress

Communication & Team Building

- I find conversation very easy, and I am quick to build a rapport with customers
- I am able to quickly assess situations and decide on a solution as part of a group

-
- I have gained the necessary experience for character and skill development

HTML Coding

- I have coded my own profiles on social media sites which allowed this function
- I built my own artist website during lockdown

Adobe Photoshop

- I have used this program to create digital art, as well as enhance existing photos

Microsoft Office Suite

- Used Microsoft Office for 8+ years during education
- I use Excel and Google Sheets for leisure
